Empower . Grow . Thrive

KnowYourChild.com.au is dedicated to helping families **flourish**.
It first starts with **Understanding Your Child**.

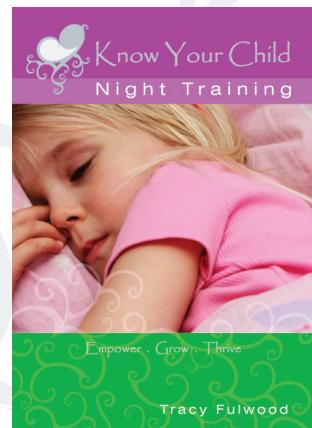

Since 2008, The Know Your Child system has been used to help thousands of parents gain invaluable insight into their child's needs at the **early childhood stage**. This is particularly beneficial, when communication and social skills are just developing. It was first applied to toilet training. Using the Know Your Child strategies, parents can toilet train in just days and overcome the common "battle of wills" often associated poo problems. **Know Your Child | Night Training** uses the same strategies to help parents empower their child to achieve dry nights.

KnowYourChild.com.au is the beginning of a complete Well-being Program for families to **THRIVE**.
